

Statement of Substance of Interview

[0003] Examiner Cao graciously talked with me—the undersigned representative for the Applicant—on November 5th, at the USPTO. Applicant greatly appreciates the Examiner's willingness to talk. Such willingness is invaluable to each of us in our common goal of an expedited prosecution of this patent application.

[0004] During the interview, we discussed the possibility of filing 37 CFR 1.132 Declaration attributing a cited reference to the inventors of this Application. Additionally, we discussed proposed minor claim amendments.

[0005] I understood the Examiner to tentatively agree that the claims appeared to be in condition for allowance upon the filing of the indicated declaration and the minor claim amendments. Thus, Applicant herein submits the declaration and amends the claims in the manner discussed during the interview.
